

PE Resources

If your staff member transferred after April 1, sending manager should complete the peer review and PE process.

***For all data everyone should use July 1, 2023 thru April 30, 2024**

Patient Experience:

<https://theloop.ukhc.org/Interact/Pages/Section/ContentListing.aspx?subsection=6529>

You will use FYTD 24 data for your clinic results.

Hand Hygiene:

<https://clinical.ukhc.org/ipac/handhygiene/default.aspx>

You can drill down to your specific unit/clinic. Use date range July 1, 2023 thru April 30, 2024.

BCMA (inpatient): Individual and Unit Scores

Under the My dashboards tab in EPIC, search for "Nursing Impact- Supervisor Summary"

If you have not set this report up before, you will need to do a little prework. If you have this set up already, please skip to step 6.

1. Click on the pencil under the title (beside your name)
2. Add all of your staff for each individual unit
3. Once staff are added, click on the blue configuration box and click on New View.
4. Name the view of what you are looking at. This will save that configuration with that specific staff.
5. Repeat this step for all units that you are responsible for.

Once you have completed the above, to pull scores for this performance evaluation period:

6. Change the date to reflect July 1st, 2022-April 30th, 2023
7. This will bring up the overall group average as well as the individual scores for this group of employees for several metrics including BCMA compliance.
