[hr.uky.edu/retiree](https://hr.uky.edu/retiree)

## ► Dear UK Retiree:

We are pleased to provide you with this 2023-24 University of Kentucky Retiree Benefits booklet. This is your once a year opportunity to add, drop or change levels of coverage for any reason.

The Open Enrollment period is when we communicate benefit plan changes on the dental and vision plans, as well as health plans offered to retirees and/or spouses who are under age 65. We are pleased to continue the same coverage available through UK health plans for retirees who are under age 65, and we will still incur only a small increase. There are no rate increases for any of the UK Dental, Delta Dental or EyeMed vision plans.

Please be reminded to check your beneficiaries you have listed with your retirement carriers and to set up a power of attorney with them, if needed. This is a free service provided by TIAA and Fidelity – their phone numbers are on the back cover of this booklet.

On behalf of UK Human Resources, we wish you the best in your retirement.

Sincerely,

A handwritten signature in black ink that reads "Gail Carbol".

Benefits Manager

# ▶ What You Need to Know

**Everything you need to know**  
about plan eligibility and making  
changes throughout the year

## UK retirees and health plans

As a retiree from the University of Kentucky, you may have several options for health insurance coverage. These options depend on your age, years of service, and date of retirement. Health plan rates for retirees under 65 (early retirees) and those age 65 and over are calculated separately to more accurately account for differences in premium costs for each group.

### **Retirees and spouses under age 65**

UK's health and prescription benefit plans remain the main, or primary, source of health insurance coverage for retirees under the age of 65, who may select from the health plans listed on pages 4-13. Consider the major factors on each of these pages — including how they may relate to your health plan needs — as you review your benefits.

Retirees who return to work at the University on a temporary or part-time basis may also qualify for the University's active employee premium and health credit toward the cost of coverage. View rates at <https://hr.uky.edu/retirees#rates>.

Many retirees under age 65 have options for health insurance coverage through another employer or through a spouse's employer plan. If this is your situation, you can “defer” your UK benefit. Once your health plan coverage has been deferred, it can be reactivated only one time.

### **Retirees and spouses age 65 and over**

For retirees age 65 and over, the UK Medicare Advantage plan is your main source of health insurance coverage provided by UK. Please see pages 2 and 3 for details on coverage of many of your health care expenses.

## **Making changes throughout the year: Qualifying events**

The choices you make during Open Enrollment, or as a new retiree, remain in place from July 1, 2023 through June 30, 2024. You cannot change coverage until the next Open Enrollment in April/May 2024 (for the plan year beginning July 1, 2024) unless you have a change in family status or experience another “qualifying event.”

The following events would allow you to make changes to your current benefits during the plan year, within 30 days of the qualifying event: birth or adoption, marriage, divorce, turning 65 or obtaining alternate health coverage.

## **Dependent eligibility**

Children may be covered up to age 26. Sponsored dependents and children of sponsored dependents may be eligible for coverage. Visit UK Benefits online at [hr.uky.edu/benefits](https://hr.uky.edu/benefits) for details.

**DISCLAIMER:** The comparison of benefits is not a contract. It is intended only to highlight principal benefits of the plans available. The detailed provisions of each plan are covered by the respective contracts. Every effort has been made to be as accurate as possible; however, should there be a difference between the comparison and the individual plan contract, the plan contract governs. It is the responsibility of each employee to read the plan material provided by each plan administrator in order to fully understand the provisions of the plan chosen. Retirees should contact the plan administrators to understand and clarify questions concerning coverage.

# ► Medicare Advantage

**UK retirees age 65 and over** are eligible for the Medicare Advantage plan.

## Health and prescription plan for retirees age 65 and over

The Medicare Advantage plan for retirees age 65 and over automatically includes prescription benefit coverage. As a result, you should not apply for a separate Medicare Part D plan.

## Health plan for Medicare-eligible retirees age 65 and over

UK offers the Medicare Advantage plan for retirees age 65 and over. The Medicare Advantage plan, administered by UnitedHealthcare, features a different “plan year” from other UK benefit plans. The Medicare Advantage plan year begins on January 1 and ends on December 31. You will be mailed any changes and information for the Medicare Advantage plan in November before enrollment begins.

## Enrolling in the Medicare Advantage plan

Retirees enrolled in other UK health plans should enroll for Medicare Part B **and** the Medicare Advantage plan at least 30 days prior to their 65th birthday. This coverage will automatically renew each year. To get a copy of the Medicare Advantage enrollment form, call **859-257-9519, option 3**.

## Health and Prescription ID cards for retirees age 65 and over

You should only present your UK Medicare Advantage

card for health coverage. For Medicare Parts A and B, you receive a card when you become eligible for Medicare. You will not be issued a new card each year.

## 2023 rates for retirees age 65 and over
